

## Social Skill Activities

### 1. Social Skill UNO

- Different questions to ask to keep a conversation going
- UNO cards and a list of questions
- Social Skill UNO will be played like a normal game of UNO but when a student lays down a card, there will be a question on the card or on a different piece of paper. Depending on the color and number of the card, the person will answer that question.
- Adaptation- grouping, change questions to only yes and no answers, or make questions more difficult

### 2. Emoji Reactions

- How to react to a problem (regarding emotion)
- Picture cards with emoji and emotion associated with the emotion
- Cut of pieces of paper with problems/ scenarios on them
- Someone will draw a piece of paper and read the problem and scenario. Each person will have a set of emoji cards. After the problem/ scenario is read everyone will pick what emotion they might feel. We will go around and say why we might feel that emotion.
- Groups, May have to change scenarios to relate to different people, bigger emoji cards
